

12.5 CLAIMS BY THE CONTRACTOR

12.5.1 The Contractor shall make no demand for liquidated damages for delay in any sum in excess of such amount as may be specifically named in this Subcontract, and liquidated damages shall be assessed against this Subcontractor only for his negligent acts and his failure to act in accordance with the terms of this Agreement, and in no case for delays or causes arising outside the scope of this Subcontract, or for which other subcontractors are responsible.

12.5.2 Except as may be indicated in this Agreement, the Contractor agrees that no claim for payment for services rendered or materials and equipment furnished by the Contractor to the Subcontractor shall be valid without prior notice to the Subcontractor and unless written notice thereof is given by the Contractor to the Subcontractor not later than the tenth day of the calendar month following that in which the claim originated.

12.6 CONTRACTOR'S REMEDIES

12.6.1 If the Subcontractor defaults or neglects to carry out the Work in accordance with this Agreement and fails within two (2) working days after receipt of written notice from the Contractor to commence and continue correction of such default or neglect with diligence and promptness, the Contractor may, after two days following receipt by the Subcontractor of an additional written notice, and without prejudice to any other remedy he may have, make good such deficiencies and may deduct the cost thereof from the payments then or thereafter due the Subcontractor, provided, however, that if such action is based upon faulty workmanship or materials and equipment, the Architect shall first have determined that the workmanship or materials and equipment are not in accordance with the Contract Documents.

12.6.2 Subcontractor agrees to keep the Project and the ground appurtenant thereto, free of liens for or on account of any work done or materials furnished in connection with the Subcontractor's work under this AGREEMENT. In the event that a lien is made or claimed against the Project relating to Subcontractor's scope of work from any of the subcontractor's material suppliers or subcontractors, the Subcontractor will, within five (5) days after written notice from the Owner or TEXAS DESCON, L.P. discharge the lien by any legal process as may be necessary, including the posting of a bond to discharge the lien. In the event that Subcontractor so fails to discharge any lien and TEXAS DESCON, L.P. opts to intervene to arrange for discharge of said lien, Subcontractor agrees to pay TEXAS DESCON, L.P. 150% of the amount of the lien and to pay TEXAS DESCON, L.P.'s and Owner's reasonable attorneys' fees and costs incurred in connection with said discharge.

12.6.3 If the Subcontractor (i) refuses or fails to supply a sufficient number of properly skilled workers, or materials or equipment of the proper quality and quantity, (ii) fails or refuses to prosecute the Work with promptness and diligence in order to maintain the schedule for the Work established by Contractor (as said schedule may be revised and amended by Contractor from time to time), (iii) fails or refuses to make prompt payment to its workers, subcontractors or suppliers, or is otherwise unable to meet its debts as they mature, (iv) disregards laws, ordinances, rules, regulations or orders of Contractor, Owner or any public authority having jurisdiction over the Work, (v) causes any stoppage of or interference with the Work of Contractor or any other subcontractors or (vi) otherwise breaches any material provision under this Subcontract, and thereafter Subcontractor fails or refuses to cure such default within 48 hours (or such longer period of time as may be granted by Contractor in its sole discretion) after receipt of written notice from Contractor, then Contractor, without prejudice to any other rights or remedies, shall have the right to any or all of the following remedies:

- supply such number of workers and quantity and quality of materials, equipment and other facilities as Contractor deems necessary for the completion of the Subcontractor's Work, or any part thereof which the Subcontractor has failed to complete

or perform after the aforesaid notice and charge the cost thereof to the Subcontractor, who shall be liable for the payment of the same, including reasonable overhead, profit, court costs and attorneys' and paralegals' fees;

- provide for the completion of all the Subcontractor's Work by others and charge the costs thereof to the Subcontractor;
- withhold payment of any monies due to Subcontractor under this Subcontract or any other agreement between Subcontractor and Contractor pending corrective or curative action to the extent required by and to the satisfaction of Contractor; and
- In the event of an emergency affecting the safety of persons or property, Contractor may proceed as above without notice to Subcontractor.

12.6.4 In addition to the above-noted remedies, if Subcontractor fails to cure any default within the above-noted time period, then Contractor may, in lieu, or in addition to the remedies noted above, terminate Subcontractor's employment under this Subcontract by delivering written notice of termination to Subcontractor. Thereafter, Contractor may take possession of the plant and Work, materials, tools, appliances and equipment of Subcontractor at the building site, and through himself or others, provide labor, equipment and materials to prosecute Subcontractor's Work on such terms and conditions as Contractor may deem appropriate, and Contractor shall deduct the cost thereof, including all charges, expenses, losses, costs, damages and attorneys' and paralegals' fees, incurred by Contractor as a result of Subcontractor's failure to perform, from any money then due or thereafter become due Subcontractor either under this Subcontract or under any other agreement between Subcontractor and Contractor. The Subcontractor shall be liable for the payment of any amount by which such costs may exceed the unpaid balance of the Subcontract Price. The Contractor may use any materials, implements, equipment, appliances or tools furnished by or belonging to the Subcontractor to complete the Subcontractor's Work. The Subcontractor hereby agrees that, upon such termination of its employment, the Subcontractor automatically shall offer an assignment to the Contractor of any oral subcontracts and purchase orders, which the Subcontractor previously entered into, for the Contractor's sole discretionary acceptance.

12.6.5 Notwithstanding anything in this Subcontract to the contrary, any default by Subcontractor under this Subcontract may, at TEXAS DESCON, L.P.'s sole option, be deemed to be a default by Subcontractor under any other agreements between Contractor and Subcontractor, and any default by Subcontractor under any other agreements between Contractor and Subcontractor may, at TEXAS DESCON, L.P.'s sole option, be deemed to be a default by Subcontractor under this Subcontract. In any event of default, whether under this Agreement or any other agreement between Contractor and Subcontractor, Contractor shall have the right of offset against any sums otherwise due Subcontractor under this Agreement or any other agreement between Contractor and Subcontractor.

12.6.6 TEXAS DESCON, L.P. may terminate this Agreement without cause, in whole or in part at any time upon ten (10) days notice thereof to the Subcontractor. Any provisions of this Agreement which, by their nature, would survive final acceptance of the work shall remain in full force and effect after the termination to the extent provided in such provisions. Upon such termination, any obligations to the Subcontractor shall continue as to portions of the work already performed prior to the date of termination. Upon such termination, TEXAS DESCON, L.P. shall reimburse Subcontractor for any approved but unpaid portions of the work incurred by the Subcontractor, together with any withheld retainage to the date of termination. However, no such payment will be made to the Subcontractor until TEXAS DESCON, L.P. is paid by the Owner for the said portions of the Subcontractor's work.

ARTICLE 13 ARBITRATION

13.1 All claims, disputes and other matters in question arising out of, or relating to, this Subcontract, or the breach thereof, shall be decided by arbitration, which shall be conducted in the same manner and under the same procedure as provided in the Contract Documents with respect to disputes between the Owner and the Contractor, except that a decision by the Architect shall not be a condition precedent to arbitration. If the Contract Documents do not provide for arbitration or fail to specify the manner and procedure for arbitration, it shall be conducted in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association then obtaining unless the parties mutually agree otherwise.

13.2 Except by written consent of the person or entity sought to be joined, no arbitration arising out of or relating to the Contract Documents shall include, by consolidation, joinder or in any other manner, any person, or entity not a party to the Agreement under which such arbitration arises, unless it is shown at the time the demand for arbitration is filed that (1) such person or entity is substantially involved in a common question of fact or law, (2) the presence of such person or entity is required if complete relief is to be accorded in the arbitration, (3) the interest or responsibility of such person or entity in the matter is not insubstantial, and (4) such person or entity is not the Architect, his employee or his consultant. This agreement to arbitrate and any other written agreement to arbitrate with an additional person or persons referred to herein shall be specifically enforceable under the prevailing arbitration law.

13.3 The Contractor shall permit the Subcontractor to be present and to submit evidence in any arbitration proceeding involving his rights

13.4 The Contractor shall permit the Subcontractor to exercise whatever rights the Contractor may have under the Contract Documents in the choice of arbitrators in any dispute. If the sole cause of the dispute is the Work, materials, equipment, rights or responsibilities of the Subcontractor; or if the dispute involves the Subcontractor and any other subcontractor or subcontractors jointly, the Contractor shall permit them to exercise such rights jointly.

13.5 The award rendered by the arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

13.6 This Article shall not be deemed a limitation of any rights or remedies which the Subcontractor may have under any Federal or State mechanics' lien laws or under any applicable labor and material payment bonds unless such rights or remedies are expressly waived by him.

ARTICLE 14 TERMINATION

14.1 TERMINATION BY THE SUBCONTRACTOR

14.1.1 If the Work is stopped for a period of thirty days through no fault of the Subcontractor because the Contractor has not made payments thereon as provided in this Agreement, then the Subcontractor may without prejudice to any other remedy he may have, upon seven additional days' written notice to the Contractor, terminate this Subcontract and recover from the Contractor payment for all Work executed and for any proven loss resulting from the stoppage of the Work, including reasonable overhead, profit and damages.

14.2 TERMINATION BY THE CONTRACTOR SEE EXHIBIT SEVEN ATTACHED.

14.2.1 If the Subcontractor persistently or repeatedly fails or neglects to carry out the Work in accordance with the Contract Documents or otherwise to perform in accordance with this Agreement and fails within seven days after receipt of written notice to commence and continue correction of such default or neglect with diligence and promptness, the Contractor may, after seven days following receipt by the Subcontractor of an additional written notice prejudicing to any other remedy he may have, terminate the Subcontract and finish the Work by whatever method he may deem expedient. If the unpaid balance of the Contract Sum exceeds the expense of finishing the Work, such excess shall be paid to the Subcontractor, but if such expense exceeds such unpaid balance, the Subcontractor shall pay the difference to the Contractor.

ARTICLE 15 MISCELLANEOUS PROVISIONS

15.1 Terms used in this Agreement which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.

11.11 INDEMNIFICATION

11.11.1 To the fullest extent permitted by law, the Subcontractor shall indemnify and hold harmless the Owner, the Architect and the Contractor and all of their agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorney's fees, arising out of or resulting from the performance of the Subcontractor's Work under this Subcontract, provided that any such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself) including the loss of use resulting therefrom, to the extent caused in whole or in part by any negligent act or omission of the Subcontractor or anyone directly or indirectly employed by him or anyone for whose acts he may be liable, regardless of whether it is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, or abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person described in this Paragraph 11.11. The indemnity applies to any claims or causes of action arising in tort or contract. Further, the parties agree that this Indemnification obligation meets the requirements of the express negligence doctrine as set forth in the Texas Supreme Court case of Ethyl Corp. v. Daniel Const. Co., 725 S.W. 2d 705 (Tex. 1987) and the conspicuousness doctrine as set forth in Dresser Industries, Inc. v. Page Petroleum, Inc. 853 S.W.2d 505 (Tex. 1993).

11.11.2 In any and all claims against the Owner, the Architect, or the Contractor or any of their agents or employees by any employee of the Subcontractor, anyone directly or indirectly employed by him or anyone for whose acts he may be liable, the indemnification obligation under this Paragraph 11.11 shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for the Subcontractor under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

11.11.3 The obligations of the Subcontractor under this Paragraph 11.11 shall not extend to the liability of the Architect, his agents or employees arising out of (1) the preparation or approval of maps, drawings, opinions, reports, surveys, Change Orders, designs or specifications, or (2) the giving of or the failure to give directions or instructions by the Architect, his agents or employees provided such giving or failure to give is the primary cause of the injury or damage.

ORIGINAL ANSWER OF FRANK LAM & ASSOCIATES, INC.
AND FRANK S. LAM, P.E.

Third-Party Defendants Frank Lam & Associates, Inc. and Frank S. Lam, P.E. (collectively “Lam”) file this their original answer to ERO International, L.L.P. d/b/a ERO Architects’ (“ERO”) Third-Party Petition and would show this Honorable Court the following:

I. GENERAL DENIAL

1. Third-Party Defendants Frank Lam & Associates, Inc. and Frank S. Lam, P.E. generally deny the allegations made by Third-Party Plaintiff ERO in its Third-Party Petition.

II. VERIFIED DENIAL

2. Frank S. Lam, P.E., specifically denies that he entered into any contractual relationship with Third-Party Plaintiff ERO. To the contrary, Third-Party Plaintiff ERO entered into a contract with Frank Lam & Associates, Inc., to perform design services with regard to the Project. As such, Frank S. Lam, P.E. denies that he is liable in the

capacity in which he has been sued, as set forth in his Affidavit, which is attached hereto and incorporated as Exhibit 1.

III. AFFIRMATIVE DEFENSES

3. Third-Party Plaintiff ERO's contribution claim is barred by the Economic Loss Rule.

4. Third-Party Defendants Lam further state that the acts or omissions of parties not under the control of Frank Lam & Associates, Inc. may have caused, or contributed to cause, the damages alleged by Third-Party Plaintiff. Any submission of this case to the jury should include a submission for comparative fault under Chapters 32 and 33 of the Texas Civil Practice and Remedies Code.

II. SPECIAL EXCEPTIONS

5. Lam specially excepts to the use of the term "Engineers" throughout Third-Party Plaintiff's petition. As an example, Third-Party Plaintiff alleges in Paragraph V, section (a) that "Engineers materially breached the contract with ERO." The contracts between ERO and Frank Lam & Associates, Inc. do not create any contractual agreement on behalf of Frank S. Lam, P.E., individually. Third-Party Plaintiff should be required to replead, as the constant use of the term "Engineers" without identifying which one, or both, of the third-party defendants is alleged to have committed an act, is vague and fails to give Lam fair notice of which allegations are alleged to have been committed by each.

WHEREFORE, PREMISES CONSIDERED, Third-Party Defendants Frank Lam & Associates, Inc. and Frank S. Lam, P.E. pray that upon final hearing of this cause that

Third-Party Plaintiff ERO takes nothing and that it recover its costs, and such other and further relief to which it may be entitled.

Respectfully submitted,

ERO INTERNATIONAL, LLP D/B/A/ ERO ARCHITECTS' THIRD-PARTY PETITION

TO THE HONORABLE COURT:

NOW COMES Defendant, ERO International, L.L.P. d/b/a ERO Architects ("ERO"), Defendant in the above-styled and numbered cause, and files this Third-Party Petition in accordance with Texas Rule of Civil Procedure 38 and would respectfully show unto the Court the following:

I.

1. ERO files this Third-Party Petition against the following Third-Party Defendants:
 - a. Frank Lam & Associates, Inc., a Texas for-profit corporation, which may be served with process through its registered agent, Frank Lam, 508 W. 16th St., Austin, Texas 78701 or wherever else he may be found; and
 - b. Frank S. Lam, P.E., a licensed professional engineer in the State of Texas who may be served at 508 W. 16th St., Austin, Texas 78701 or wherever else he may be found.

II.

2. Venue is proper in Hidalgo County, Texas pursuant to Sections 15.002 and 15.062 of the Texas Civil Practice and Remedies Code.

III.

3. Although ERO is unaware of what damages it will incur, if any. However, for purposes of pleading under Rule 47 of the Texas Rules of Civil Procedure, ERO seeks monetary relief over \$200,000 but not more than \$1,000,000. Damages sought are within the jurisdictional limits of the Court.

IV.

4. Plaintiff, Pharr San Juan Alamo Independent School District (“PSJA”), filed suit against ERO alleging breach of contract, negligence, negligent misrepresentation, and gross negligence against ERO in connection with ERO’s work on PSJA’s Memorial Middle School campus (the “Project”). PSJA alleges that ERO’s acts and/or omissions resulted in the “toppling of large portions of the west wall and second story floor of the main classroom building, the moisture infiltration to the basement floor and the additional cost of completion of the textbook storage facility and band hall.”

5. Specifically, PSJA alleges ERO failed to undertake a more thorough investigation of the structural integrity and conditions of the facilities; failed to advise PSJA during the design phases of the Project of ERO’s alleged lack of sufficient information to design and specify the Project; failed to adequately inspect and test the structures; failed to require and review a submittal for proper demolition means and methods; and failed to design improvements/additions to the existing structures which would have been appropriate and feasible.

6. ERO contracted with Frank Lam & Associates, Inc. and Frank S. Lam, P.E. (hereinafter referred to together as the “Engineers”) to provide a structural engineering report including an evaluation of the existing structures at the Project site, determine issues related to the renovations

of the existing buildings, and provide recommendations for the structural systems for the Project's renovations, additions and new construction.

7. ERO denies and continues to deny PSJA's allegations. However, in the unlikely event ERO is found held liable for and of PSJA's alleged damages, ERO contends that such damages were proximately caused by the Engineers.

V.

a. **Breach of Contract.** ERO incorporates by reference each of the factual allegations recited in the preceding paragraphs. There is a valid, enforceable contract between ERO and the Engineers. In the unlikely event that ERO is found to be liable to PSJA, ERO asserts the Engineers materially breached the contract with ERO by its acts and omissions, resulting in damages.

b. **Contribution.** In the unlikely event that ERO is found to be liable to PSJA, ERO asserts that the Engineers are liable to it for contribution for any damages owed or paid by ERO to PSJA. Specifically, ERO asserts that it has not caused damages to PSJA, but if judgment is rendered that any damages were proximately caused by ERO, then ERO asserts that such damages were caused by the acts and omissions of the Engineers. Therefore, ERO requests that any damages awarded against it be reimbursed by the Engineers in this action in accordance with Chapter 33 of the Texas Civil Practice and Remedies Code.

VI.

6. Pursuant to Rule 194 of the Texas Rules of Civil Procedure, ERO requests that the Engineers disclose, within 50 days of service of this request, the information and material described in Rule 194.2(a)-(l).

WHEREFORE, PREMISES CONSIDERED, ERO requests judgment and relief from the Engineers for the above causes of action and for such other relief to which ERO may be justly entitled in law and in equity.
